-Mrs. Emily Maple wisely remarks that one way for a farmer's wife to lessen her labor is to stop boarding the hired men.—Cincinnati Times.

—Po not feed corn to the bucks, but give them plenty of oats and keep them out of storms. The best flock-masters put the bucks by themselves at night. The lambs will be stronger.—Boston

-Eggs at average prices are among the cheapest and most nutritious articles of diet. Like milk, egg is a complete food in itself, containing everything necessary for the development of a perfect animal, as is manifest from the fact that a chick is formed from it.—Chicago Journal.

-Apple custard ple should be baked with an under crust only. The filling is deficious if made of one pint of sweet milk, one pint of smooth apple same, well-sweetend, three eggs, flavor with lemon or with a I tile cinnamon. This will make two small sized pies of one very large one.—A bany (N. F.)

-The practice of planting currents or other small fruits between rows or peach, par or apple trees is discourged by many writers. The practice in the precommend it, however, is, on the whole, desirable. Two bree different kinds of plants will not tax a soil so severely as an equa-number of plants of the same kind. This is especially true if the plants in very milke in character. Troy Times.

Whom the ground is frozen, and an additional supply of food it should consist of fruit or the Heas are always picking then running at large, and in the from the dirt. - Tourse Farmer.

The Man Who Brought About the Moridian Scheme.

Are you able to ride along in a street-Are you able to ride along in a street-car without reading every sign-board in regular succession? Can you pass a row of posts without instinctively counting them: Isn't there something in your mind that irresistibly compels you to step on alternate flaggings, if the make of the sidewalk permits? I knew a man who took these tendencies for incipient in-sanity, and went to a noted authority for a consultation. Going down Broad-way, vesterday. I saw a man who step-ped with an odd precision which sug-

with lemon or with a I tile cinnamon. This will make two small sized pies of one very large one.—Attany (N. E.)

Hired girls will be treated more and more as menals in this country, and it will be impossible to hire a girl et any spirit to occupy that position. And this would be right. If good hired girls are scarce, it is the fault of employers, and the public sentiment which they constantly aid in creating as to their inferiority in social position.—Change Tribans.

We don't insist that young men shall all stay on the farm, but we do need that the form is par excellence the place to raise boys. It gives them a simner for health hinbits of industry, econome, an education of the intellet that is not lost by a wrecked physical constitution. Every good farm well improved and adorned as it should be is a fortune in liseif simply as a place to raise boys.—Love Homestend.

My Eight-Acre Farming.

Eight acres of sandy loam, light, fine and level, all in one piece near the house and barn; no stone, no fences, no waste, every foot tillable, no time lost going to and from work; horse, wagons, harness and tools last indefinitely, having the least wear and tear possible. Having a good market near by for vegetables and a good one for milk at the door, I raise both, and so one thing he ps another on land and in market. Having the land and market, and the crops to be raised decided upon, the crops to be raised decided upon, the course is open to success, if the land is worked right. A small farm is no dis-

A MYSTERY OF THE SEA.

The Pate Which Overtook the "City Boston."-Captain Murray's Ideas and Experiences.

A few years ago, the City of Boston sailed from harbor, crowded with an expectant throng of passengers bound for foreign shore. She never entered port.

The mystery of her untimely end grows deeper as the years increase, and the At-lantic voyager, when the fierce winds howl around and danger is imminent on

are anxious to k-p matches out of their reach. It's different when they grow up, -Philodelphia Press.
